**Applied
Bioinformatics
Core**

Walk-in Bioinformatics Clinic

Thursdays, 1:30 - 3 pm | LC-504, 1300 York Ave

Are you stuck with a bioinformatics analysis?
Does your code not seem to do what it should?
Do you feel overwhelmed by the myriad
parameters of read aligners?

Let us help you!

epigenomics

transcriptomics

single-cell RNA-seq

DNA sequencing & variant calling

sequence alignments & phylogeny

generation of publication-ready images

best practices for reproducible computational research
